

It's time to get comfortable.

Sunline™ Series Single-Packaged Rooftops

SUNLINE™ SERIES
3-6 TONS

Designed with efficiency in mind, the York® Sunline™ Series features an all-in-one design, energy efficient performance and easy-to-install features. When it comes to innovation and quality in a light commercial single packaged system, the York® Sunline™ Series design delivers.

Durable, efficient MicroChannel coil.

The all-aluminum MicroChannel condenser coil provides outstanding efficiency and reliability thanks to an advanced coil design. (MicroChannel coils only apply to air conditioning models.)

Reliable operation.

The compressor is internally protected against high pressure and temperature to ensure dependable performance in tough conditions.

Greater durability.

Durable finish using powder-painted, galvanized steel meets 1,000-hour salt-spray test demands as assurance of a long-lasting, corrosion-resistant cabinet.

Limited maintenance.

For years of trouble-free service, the condenser and evaporator fan motor bearings are permanently lubricated to ensure reliable performance.

Solid foundation.

Installation goes smooth and easy thanks to full-perimeter base rails that are permanently attached to the unit to save time and materials.

Outstanding warranty.

With more than a century of innovation behind our name, you can depend on York for year-round comfort and long-lasting durability. Built for years of trouble-free service and reliable operation, Sunline™ systems are backed by warranties you can count on.

The right stuff inside

The York® Sunline™ Series combines high-efficiency and advanced economizer controls with unprecedented installation flexibility and low installed costs, providing a great solution for commercial-building applications.

- *Innovative Simplicity® control board for easy setup and programming*

- *Common, compact design fits in a single footprint*

- *MagnaDRY™ models provide cost-effective dehumidification*

- *Durable MicroChannel condenser coil ensures long-term efficiency (MicroChannel coils only apply to air conditioning models)*

- *Permanently lubricated condenser and evaporator fan motor bearings*

- *Complete line of field-installed accessories*

The big difference: Simplicity® Controls

It's the built-in brain that requires no additional controls. The Simplicity® Control System is part of each Sunline™ model and, for the building manager, it monitors the entire HVAC system continuously. All alarm and diagnostic data can be set up and transmitted directly to an onsite PC. Or, you can monitor the system over the Internet.

- Single-button programming
- Five-minute anti-short cycle delay
- Alarm recall, even after power failures
- Three-minute minimum compressor run time
- Built-in low-voltage protection
- Independent monitoring of all safety switches

All models meet or exceed ASHRAE 90.1-2007 Standards and select models are ENERGY STAR® qualified. Limited warranties: ZR and ZF gas/electric models: 10-year heat exchanger warranty, 5-year compressor warranty, 1-year parts warranty; ZR and ZF electric/electric models: 5-year electric heat warranty, 5-year compressor warranty, 1-year parts warranty; XP models: 5-year compressor warranty, 1-year parts warranty.

Stay comfortable for years to come.

York is proud to offer the YorkCare™ Comfort Plan. It's designed to maintain your system as well as your peace of mind. With YorkCare™ you get total protection that ensures your unit is effective and efficient for years to come.

What's more, your York® Dealer offers maintenance agreements that provide upkeep while maximizing the warranty provisions. Ask about the YorkCare™ Comfort Plan. A little extra coverage is always a comforting idea.

Long story short—our history.

Heat or cool your facility with York, and you'll be joining some pretty impressive company, including the U.S. Capitol building, India's Taj Mahal, the Sydney Opera House, the entire U.S. Navy nuclear submarine fleet, and even venues such as your local mall and corner bank. We developed the first successful room air conditioner and cooled the world's first theater, hotel and office building. We're constantly leading the industry in quality. No matter what the scale, chances are we've developed an efficient, durable and effective solution for it.

You can depend on York to give you the choices you trust for comfortable performance all day long, year after year. Want to know more? Contact your York® Dealer. They have 130 years of innovation to tell you about.
